

CHAL-1152-60

25 August 1960

MEMORANDUM FOR: Acting Chief, DPD-DD/P
THROUGH : Assistant Chief, DPD-DD/P *jac. jr.*
SUBJECT : Security Ranking of CHALICE Drivers
REFERENCE : CHAL-1142, 19 August 1960

25X1A

1. It is the recommendation of this office that all present Project U-2 pilots be terminated and [] new pilots be recruited from SAC U-2 potentials. The intimate knowledge possessed by present Project U-2 pilots concerning Agency operations, locations, and personnel makes their continued usage for overflight missions inconsistent with sound security practice. It is believed that a new recruitment effort would be feasible since it is doubtful that political approval for further overflight will be forthcoming before January 1961.

25X1A

2. If it is concluded that it would not be feasible to recruit new pilots, then it is recommended that the processes described in Operations Policy Letter 12 be utilized in selecting the [] pilots to be retained of the remaining []. Without benefit of such processing, the Security Section can only reach its conclusion based upon the following criteria:

25X1A

(a) Personality and investigative data available reflecting upon the individual as a security risk.

(b) Past assignments which have made the pilot privy to intimate details of other Agency operations; i.e., []

25X1C

3. Based upon the criteria set forth in paragraph 2 (a) and (b) our selections in order of preference are as follows:

25X1A
